List of participating schools in ISD All current English and Math sections Instructors (and appropriate district staff) access reports and manage assigned student accounts directly from their Texas College Bridge account in EdReady Assign schools and/or sections to limit access to only assigned students: a user with no assignments will see ALL students in your ISD. Use category assignments to limit access to the appropriate students Share appropriate registration URL with each student based on assigned subjects (math, English, or both)

If a student needs an additional subject added, an admin user will need to add it on their behalf. DO NOT have students register a secondary account Provide the instructions on the Student tab

Celebrate student successes!
