

Get Informed

- Go to www.texascollegebridge.org to get information and resources for the Texas College Bridge program and get started on the [Teacher tab!](#)

Training

- View virtually training recordings, available at www.texascollegebridge.org/resources
- Review the [EdReady teacher resources](#)
- Read all emails sent from Texas College Bridge and NROC/EdReady program staff

Platform Format

- Format your class according to your district's determined platform.**
 - Setup a platform to communicate with students and post announcements.
 - For English, determine how students will submit their essay assignment.
 - Reminder: TCB is intended for students that have not met college readiness.

Communicate

- Explain the purpose of Texas College Bridge.**
 - Ensure students are aware of which [colleges](#) accept the TSI Exemption for Texas College Bridge completion.
 - Provide students with [instructions](#) for setting up their account.
 - Share resources available at <https://texascollegebridge.org/student/>

Register

- Complete the registration process once you receive the activation email from NROC/EdReady (contact your district coordinator if you don't received an activation email**

Support

- Support your students' use of Texas College Bridge:**
 - Help students get [registered](#) and properly [select your class section](#). Ensure students use their official name and correct DOB when they register.
 - Encourage students to complete the diagnostic evaluation.
 - Make sure students understand how to successfully complete their study paths.
 - Ensure they understand the importance of learning the material instead of just testing to be successful in college classes.
 - English only: Review, grade and provide feedback on the [essay assignment](#).

Guide Students

- Guide your students and monitor their progress utilizing [reporting tools](#):**
 - Check the Reporting Dashboard daily.
 - Contact students regularly to provide encouragement and intervention.
 - Understand and communicate student requirements: students need to complete both Stage 1 and 2 with a score of 90+ to earn their certification. For English, they will also have to pass the [essay](#) (you must assign the essay. After grading you must enter the essay grade in EdReady)

Certificate

- Students will gain access to their Certificate of Completion approximately 10 minutes after they hit target through the [My Achievements](#) page in EdReady.**
- Help students create their [Greenlight Locker](#) account.
- Make sure your students know which [colleges](#) accept their completion and offer the TSI exemption.
- Encourage students to share their Certificates of Completion with colleges through GreenLight Locker.
- Review this video: [How to share transcript](#)
